

A NOTE ON D. SUVIN'S BIRTHDATE

The following two pages are photocopies of the official transcript from the Main Book of Births of SFR Yugoslavia, plus its official translation into English. The original is dated 1963 since the pre-1945 archives were closed but the postwar Registrar had access to them. Both original and translation were issued to me as legally valid copies in 1990.

I'm publishing this on my two Homepages as proof of the falsity of the often cited birthdate as 1934, so that Wikipedia needs a document to refer to in order to prove the correction I've solicited.

I take part of the responsibility for this mistake since it stems from a mistake in the info I sent to mr. John Clute during his editing of the Encyclopedia of SF in the 1980s.

A handwritten signature in dark ink, appearing to read 'D. Suvin' with a stylized flourish at the end.
